

# Smart Policy. Strong Practice. Real Impact.

Texas put the policy in place.  
Now we're proving the policy works.

## Smart Policy

### Texas designed a funding system that rewards the right outcomes.

Three landmark education bills – HB3, HB8, and HB2209 – created a tremendous opportunity in Texas. Across four regions, 19 districts, and 9 college partners, Texas is proving what strong implementation looks like.

HB3 | 2019

**CCMR  
Outcomes  
Bonus**

State funding flows to school districts for every graduate meeting defined college, career, and military readiness thresholds.

HB8 | 2023

**FAST Program**

Restructured community college funding around completion. Created FAST to cover dual credit tuition for low-income students.

HB2209 | 2023

**Rural Pathways  
(R-PEP)**

Established the Rural Pathways Excellence Partnership Program, funding rural school district-college-workforce collaborations.

## Strong Practice

### Proven practices Texas' funding incentives are already designed to reward.

The Integrated Pathways Framework centers three strategies that connect existing legislation to real student outcomes.

**High-quality  
advising**

**Dual credit and  
advanced coursework**

**Real-time data  
infrastructure**

## Real Impact

#### Our Ask

**Strengthen what Texas  
has already built.**

Education policies only produce results when school districts and colleges have the capacity to act on them. Your advocacy makes that possible.

- ✓ **Protect HB3, HB8, and HB2209**
- ✓ **Strengthen outcomes-based funding**
- ✓ **See the work in action**
